ADRIANO PARMENTOLA

SERVICE DESIGNER · HOSPITALITY & FOOD EXPERIENCE

Bologna, IT · +39 366 291 1928 · adrianoparmentola03@gmail.com

PROFILE

Service designer with a background in industrial design and hands-on experience in food service operations. I design service experiences at the intersection of food, hospitality and space, from research and discovery through blueprinting, prototyping and delivery, working on complex systems with a methodical approach, cross-functional collaboration and sensitivity to the detail of human experience. Comfortable coordinating multiple projects to deadline and producing the visual and content assets that campaigns and services need.

EXPERIENCE

Culinary Workshop Facilitator (freelance), We Find Group Talent Acquisition, Madrid (ES) 08/2026

- End-to-end design and delivery of a 4-hour Spanish cooking workshop: menu planning, ingredient sourcing, budget management, hands-on facilitation for a group of participants.
- Independent client engagement: scoping, coordination and on-site execution in an international setting.

AI Workshop Tutor, Bloom Life 04/2026 – 06/2026

Progetto "Evolversi con l'AI"

- Facilitated online AI training workshops for primary and secondary school teachers, supporting digital didactics adoption: training delivery, digital content preparation, online facilitation.

Systems Designer, Hum.us Space, Bologna 05/2025 – present

- Design and implementation of new services for a university collective restaurant.
- Event and catering organisation; promotional assets (poster, social content, presentations), data collection and KPI tracking. -10% operating costs, +5% revenue.

Curricular Internship, Hum.us Space, Bologna 03/2025 – 05/2025

- Service research and prototyping. UX redesign of the Bononia venue.
- 3D modelling and commercial space planning.

Sales Assistant, Inditex, Bologna 05/2024 – 06/2024

- Till management, customer relations, problem solving under pressure.

Artist / Designer, Hummus Srl., Venice · Camplus, Bologna 05/2023

- Design and execution of commissioned mural installations for public and residential spaces.

Bar & Warehouse Assistant, La Madonnella, Castropignano 06/2021 – 08/2021

- Stock management, order cataloguing, customer relations.

EDUCATION

Master's Degree in Advanced Design, Service Design curriculum 2025 – present

Final year in progress

- Core areas: service design & blueprinting · systemic design of complex service ecosystems · UX/UI and digital product design · interactive prototyping · market research & discovery (user interviews, stakeholder mapping) · integration of sustainable technologies.
- Applied skills: 3D modelling, technical drawing, data-driven visual storytelling.

Bachelor's Degree in Design del Prodotto Industriale (Industrial Product Design) 2022 – 2025

Grade: 100/110 · Thesis: redesign of the Bononia catering service using Six Sigma methodology

- Coursework spanning analogue and digital drawing, 2D/3D modelling, materials studies and design history, through to product-system, graphic communication and new-media studios.

Scientific High School Diploma 2022
